Fine Chemical

领先源于创新 创新源于专业

东正的专业与品质的邂逅源于创新的精神

现代化工厂已经投产，期待您的光临！
温州空港经济园区生产基地
Wenzhou airport economic zone production base

占地面积29000m²，总投资1.2亿元，新引进工业机器人、5轴加工中心、机器人抛光设备。

Covering an area of 29000 m², with total investment after construction is expected to 120 million yuan, introduces new industrial robot, five axis machining center, machine Polishing equipment.

东正创立于1993年，注册资金5508万，是一家专注于研发高品质PID过程控制器、阀门定位器、流量控制器，阀门控制单元，高洁净过程控制阀、智能自控阀，高洁净泵、高洁净管材和管道配件。公司高度专业化的产品和技术专注于生物制药、食品饮料、酿酒、精细化工等工业领域。东正众多的创新解决方案，对满足全球，尤其是新兴市场不断增长生物制药和食品饮料行业的需求起到了积极作用。

东正制造的产品母材料、加工技术、焊接技术、表面处理等技术指标均已达到国内外先进水平。且符合ASME BPE、EHEDG、FDA、3A等一系列国际标准和规范要求，先后通过了由德国TÜV机构实施的欧盟承压设备指令(PED-97/23/EC)和(MD-06/42/EC)认证、美国3A机构实施的3-A卫生标准认证、中国安全阀特种制造设备(TS)许可证和中国质量认证中心CQC ISO9001:2008质量管理体系认证等多项国际权威认证。

东正凭借先进的技术、优异的品质和完善的售后服务体系，先后被评定为国家高新技术企业，省著名商标、省科技型企企业、创新型企业、专利示范企业、研发中心企业，守合同重信用AAA企业等众多荣誉。

制造与检验 Manufacturing and testing

机器人生产线 Robot production line

全自动弯管设备 Automatic pipe bending equipment

DONJOY以科学技术是第一生产力，也是企业核心竞争力，只有不断投入核心技术研发和创新，不断追求卓越，精益求精、以先进生产设备，严格的质量管理体系，精密的生产检测流程，保证每一款产品优良的性能。

Science and technology constitute a primary productive force, also the core competitive strength of the enterprise. Continuously intensifying the research, development and innovation of core technology, pursuing prominence and keeping improving, ensuring the excellent quality and performance of every single product by advanced production equipment, strict quality control and precise production and inspection procedures.

荣誉和认证

Honor and certification

	<p>3A 美国3-A认证, 已经涵盖9大系列产品</p> <p>DONJOY is a member of American 3A organization, 3A is a voluntary organization, which devotes to maintain public health and dairy products. Donjoy products pass the certification of 3A which is hygienic standard used on dairy products by special regulatory process equipment. Donjoy products passed 3A certification are as follows: valves 55-02-1783, 64-00-1784, 84-02-1786, 85-03-1787, 53-06-1782, 54-02-1580, 68-00-1785; pipe fittings (63-03) certificate no. (1581) etc</p>
	<p>PED/97/23/EC & MD/06/42EC 欧盟CE, 阀门类、离心泵(自吸泵)、转子泵</p> <p>DONJOY through the European Community CE certification products: Valve type NO.PED / 97/23 / EC CE 0036 Rotor pump NO.MD / 06/42 / EC CE 705201402401-00 Centrifugal pump NO.MD / 06/42 / EC CE 705201616101-00</p>
	<p>FDA177.2600 美国FDA认证: 橡胶制品&PTFE制品</p> <p>DONJOY valves, pumps, fluid equipment and seal conforms to CRF 21 FDA177.2600 and FDA177.1550 which covers EPDM VITON(FPM) SILICON HNBRPTFE etc</p>
	<p>ISO9001/2008</p> <p>DONJOY got audited by CQC, ISO9001-2008/GB/T19001-2008. The certificate no is 00108Q24215R1M/3302</p>
	<p>Hygienic license 中国卫生许可批件</p> <p>DONJOY passed sanitary valve test and sanitary fitting test organized by Zhejiang health department and got certificates which no is So083. The license is drinking water hygiene supervision management certificate authorized by the country.</p>
	<p>High-tech enterprises 国家高新技术企业</p> <p>DONJOY gained many invention patent and 100 items of new patent through many years development and innovation. Now, DONJOY is a high-tech enterprise.</p>
	<p>Zhejiang famous trademark 浙江省著名商标</p> <p>DONJOY obtained Wenzhou famous trademark in 2009 and Zhejiang famous trademark in 2012</p>

DONJOY not only owns above mentioned certificates and honor, but also rated as technological enterprise, innovation enterprise, patent model enterprise, R&D center, contract honor and trustworthy enterprise and etc.

材质和连接标准

Material and Connecting standard

材质有多种选项 Material selection

- ◆ 1.4435-BN2 (316L) Fe < 0.5% Forged
- ◆ ASME BPE 316L
- ◆ ASTM 304, 1.4301
- ◆ ASTM 316L 1.4404

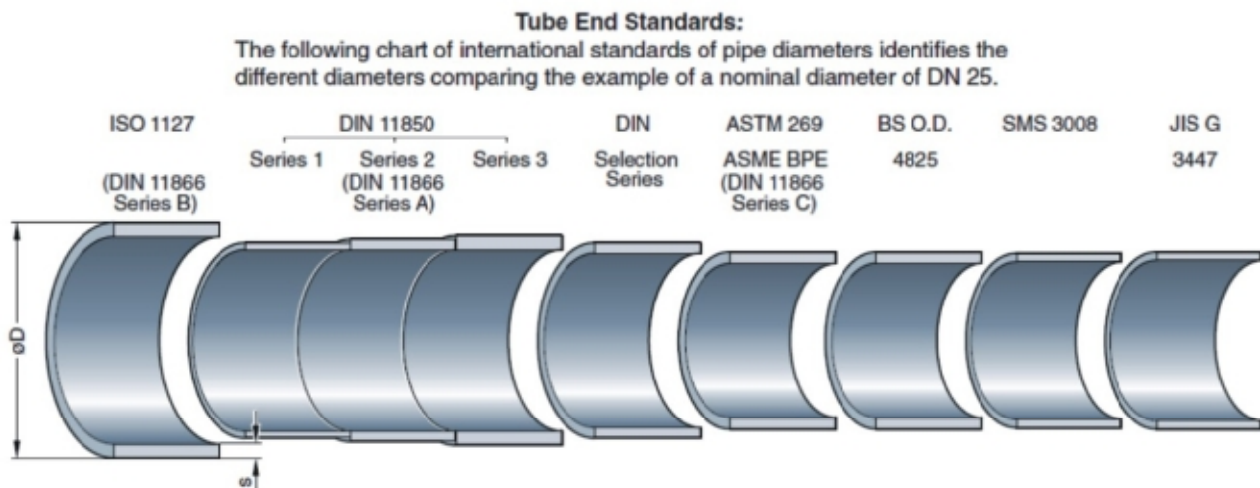

不锈钢化学成分规范
Chemical composition for automatic weld ends, %

根据ASDME BPE Table DT-3		EN 10088-3 1.4435 NB2 Fe≤0.5%	
Carbon, max	0.035	Carbon, max	< 0.03
chromium	16.00–18.00	chromium	16.00–18.00
manganese, max	2.00	manganese, max	2.00
molybdenum	2.00–3.00	molybdenum	2.5–3.0
nickel	10.00–15.00	nickel	12.5–14.0
phosphorus, max	0.045	phosphorus, max	0.045
silicon, max	1.00	silicon, max	1.00
sulfur	0.005–0.017	sulfur	≤0.030
		nitrogen	< 0.11

管道接口标准 Pipeline connection standard

下表格：以DN25为列的不同国际标准卫生级不锈钢管道直径的区别

Next form: Take DN25 for example to illustrate the stainless steel pipe OD difference in different International standard health grade

表面处理 Surface treatment

表面处理 Surface treatment

对高洁净的工艺管路系统来说，表面的粗糙度是极其重要的技术指标
For high clean process piping system, roughness of surface is an extremely important technique index

Surface finish: machined,
Ra 1.2 μm

Surface finish: machined,
Ra 0.8 μm

Surface finish: fine-machined,
and grinded, Ra 0.4 μm

Surface finish: fine-machined,
and grinded, Ra 0.2 μm

表面抛光 Surface polishing

Ra=粗糙度
平均粗糙度Ra值被作为衡量一个内表面光洁度的一个参数。

LT5.6mm 长度/测量Lc0.8mm进行5次测量粗糙度得出的平均值粗糙度Ra值。

根据ASME BPE和DIN 11866。

Ra = roughness
Average roughness Ra data is used as a measure of valve body surface finish of a parameter.

LT5.6 mm length/measurement Lc0.8 mm for five measuring roughness obtained average roughness Ra data.

According ASME BPE table to classified

Definition of the codes for Ra-Values Allocation to the standard DIN 11866

Ra μm	DIN 11866	α
	Hygiene class	E-polished
0.8		
0.8	HE3c	●
0.6		
0.6		●
0.4		
0.4	HE4c	●
0.25		
0.25	HE5c	●

Table SF-2.4-1 R_a Readings for Metallic Product Contact Surfaces

Surface Designation	Mechanically Polished [Note (1)]	
	R _a Max.	
	$\mu\text{in.}$	μm
SF0	No finish requirement	No finish requirement
SF1	20	0.51
SF2	25	0.64
SF3	30	0.76
	Mechanically Polished [Note (1)] and electropolished	
	R _a Max.	
	$\mu\text{in.}$	μm
SF4	15	0.38
SF5	20	0.51

Combination of profession and quality Innovator of valve and pump

东正的企业宗旨：为用户提供稳定可靠的产品和卓越的服务

企业的成功源于创新设计

东正的成功基于公司创始人创新精神，在1994年成功开发出了国内第一只高洁净蝶阀，这只蝶阀是东正公司的起始点。

控制系统研发成就完美产品

东正一直走在时代前沿，把不断革新的技术、日新月异的市场发展和客户需求作为自身最大的挑战。

东正有自己独特的思维，洞察行业的发展，致力于产品在新经济领域的开发应用。

未来我们将一如既往的坚持技术创新、走向新的成功。

DONJOY motto: supply reliable products and excellent service

Enterprise success comes from innovation

DONJOY success is based on the founder's creative spirit who invent the first high purity butterfly valve in China. The butterfly valve is the start point of DONJOY.

Control system makes a perfect product

DONJOY is at the forefront to regard innovative technology, changing market development and customer demand as the biggest challenge. DONJOY has its unique conception that it observes the development of business scopes and devotes to applying products in new economic area.

In the future, DONJOY will keep innovating and getting further success.

Innovative system for solution creates more valve

DONJOY valves, pumps, pipe fittings and control systems are applied to many process and related area.

DONJOY systematic solution plan covers whole process from independent module to the whole system.

DONJOY supplies professional solution plan for specialized sales team in different business scopes.

东正拥有众多产品技术从调节阀、过程自控阀、生物制药隔膜阀、高洁净转子泵、离心泵、自吸泵、混合器，高洁净管件、无菌连接器等。

Donjoy is equipped with many product technology from regulating valve, process control valve, bio-pharmaceutical diaphragm valve, high purity lobe pump, centrifugal pump, CIP pump, mixing pump, high purity fittings and aseptic connector etc.

Biopharmaceutical diaphragm valve

多通道隔膜阀 Multi-port diaphragm valve

Multiport diaphragm valve is made of a whole piece of stainless steel, at least processed into Three channel, most can be processed 35 channel and add 20 actuator valve, if Processed into quantity more channels, mainly depends on the feasibility of the valve processing. In health brought Domain, multiport diaphragm valve selection and standard is very important, the reason is that many channel Valve in optimizing health process of high purity and improve the production efficiency has a lot of Advantage.

- ▲ Set Pressure: 1bar- 10 bar
- ▲ Certificate: 3A-64-00-N.O.: 1784
TSX 71003820140006(option)
Manufacture license of special equipment

视窗安全阀
Visible safety valve

MINI安全阀
Mini style safety valve

安全溢流阀
Safety overflow valve

安全阀
Safety valve

SIZE: 1"-4", DN25-DN100
排气&防止真空阀(多功能)
Air release & anti-vacuum valve (multi-function)

SIZE: 1"-2", DN25-DN50
浮球排气阀
Floating ball air release valve

SIZE: 1"-4", DN25-DN100
减压阀
Pressure reducing valve

Check valve + Sampling valves

2016款止回阀

更小流阻, 更低噪音, 更加洁净,
更小死角, 纯PTFE密封和橡胶密封供选择

2016 Check valve

More small flow resistance, low noise, more Cleanness
Small dead angle, PTFE and FPM seal for option

- ▲ Size : 1/2" -4" DN10-DN100
- ▲ Material : SS304/SS316L
- ▲ Pressure : 10 bar
- ▲ Opening pressure : 0.02 bar
- ▲ Negative pressure : -0.9 bar
- ▲ Temperature: -30 C to 130C (150C)
- ▲ valve body structure: thread type ,
clamp type ,flanged type
- ▲ connect: weld, clamp, thread, flanged ,etc.

donjoy checked all the technology updates in 2015 , after upgraded , dead of check valve become less, flow resistance is smaller, all-valve seal PTFE, meet the automatic welding technology ,accord with ASME BPE, 3-A-6800 , EHEDG high clean technical requirements.

2009款止回阀 Check valve

大规格止回阀 Larged sized check valve: DN-125-5", DN250-10"

清洗技术
Clean technology

DONJOY Cleaning Technology

- ▲ Various cleaning technology designs. Fixed cleaning ball, rotary cleaning ball, efficient cleaning machine all have function of self lubrication and self cleaning:
- ▲ Fixed cleaning ball: 180 degree, 360 degree cleaning.
Size: weld, bolted, clamp, thread, 1/2"-2.5"
- ▲ Rotary cleaning ball: 180 degree, 360 degree cleaning.
Size: weld, bolted, clamp, thread, 1/2"-2.5"
- ▲ Efficient cleaning machine: 360 degree cover with efficient cleaning and low fluid loss is suitable for big tank equipment and pressure container, especially for the stubborn medium. Size: max diameter 14m, Connection: bolted, clamp 1"&1.5", DN25-DN40

罐底清洗阀
Tank bottom cleaning valve

直通视镜 Direct sight glass

DONJOY Sight glass and lighting technology

- ▲Lighting technology: wire power supply DC24V AC110V 220V
Lithium batteries: charge once for 2-3 month(according to operating frequency) white cold light, water proof, explosion proof, stainless steel cover
- ▲Sight glass: temperature: -20 degree to 130 degree. Pressure: 10 bar, Size: DN25-DN100, 1"-8"
- ▲Structure: flange type, union type, clamp type, four-way type, tubular type
- ▲Function: all sight glass can be equipped with light, dust scraper, protective cover

DONJOY Filter Technology

- ▲ Micro-filter: one core, 3 cores, seven cores, 5"-10".....40", filter fineness 0.1 μ m.....10 μ m
- ▲ Pipe filters: Y type, L type, Straight type, stainless steel filter screen
- ▲ Size: 1-4, DN25-DN100
- ▲ Connection: weld, thread, clamp, flange
- ▲ Material: 304/316L

可拆清扫式地漏
Available with removing and cleaning floor drainer

呼吸器
Rebreather

过滤器+冷凝水
Filter+condensation water

双联过滤器
Duplex filter
